#### Advantage of Our [Crane Mounted Truck](#)

1. We have adopted the advanced technology of numerical-controlled plasma incision and conduct sophisticated processing of the truck parts.
2. The boring-milling process enables a higher concentricity of the parts and extends its life spans.
3. The invisible H-shaped outriggers, the double horizontal outriggers and the vertical outriggers at the back integrately enable [a wider expansion and more safety](#).
4. The material of our splices comes from the USA with a oil tube which have better leakproofness, oxidation resistance and incorruptibleness.
5. We independently developed the motor hydraulic station of truck's cranes which strengthens the driving force, enables stable operation and energy conservation.
